**METHODOLOGY** To arrive at our results, we surveyed more than 6,500 physicians in the region to find out where they would send a member of their own family in each of 101 specialties. And it seems most doctors agree on who is the best: The survey revealed clear winners early in the process. The names of the physicians surveyed were chosen randomly by computer from lists of physicians in Baltimore City and seven surrounding counties. Assisting us with the survey were three physician advisers, *who were not eligible to be included on the list themselves.*
